Lovers of outdoor sports among the clerks are urging its passage during the summer months, tennis enthusiasts, golfers, and canoeists are strongly in favor of more daylight. Suburbanites who work in Washington also favor the plan.

N. M. GOVERNOR DEAD

Chief Executive of State, E. C. Debaca, Succumbs to Anemia.

SANTA FE, N. M., Feb. 19.—Gov. E. C. Debaca is dead today of anemia after an illness of six months, for which seven transfusions of blood had been administered to the failing executive in futile efforts to save his life.

Falling health forced Debaca to take only a minor part in the campaign last fall. He was sworn into office virtually on a sick bed, only a score of persons attending the inauguration, which was held in his room in a local sanitarium.

Governor Debaca, who was a Democrat, will be succeeded by a Republican, Lieut. Gov. William E. McDonald, of Portales.

These Youngsters Do Not Take Medicine For Croup or Cold Troubles They Use the "Outside" Treatment

Everyone knows that the less medicine we take the better off we are, and this is particularly true with children. Mrs. Flossie Rockwell, 515 Alabama street, Mishawaka, Ind., is one of the many mothers who now use the external treatment for colds.

"I have used VapoRub on both my children," writes Mrs. Rockwell, "for colds in their heads and lungs. I just rubbed it over their throats and chests and in a night's time they were relieved. Then my husband and I both had sore throats and coughs and were also relieved over night."

VapoRub comes in salve form, is applied externally, and relieves by inhalation as a vapor, and by absorption thru the skin. Croup is usually relieved within fifteen minutes—25c over night. Three sizes, 25c, 50c and \$1.00.

THIS STOPS HAIR FROM FALLING OUT

Ever try to count the dead hairs in your comb and brush? They are nature's warning of future baldness and proof that the dangerous little dandruff germ is busy on your scalp.

Dr. Sangerbund, the famous Paris specialist, has discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parishan Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of one or three washings of Parishan Sage is simply marvelous, and the American people have now awakened to the fact that dandruff is just as unnecessary as it is unhealthy, and that they can be quickly rid of it and save their hair by using a few ounces of Parishan Sage.

Parishan Sage is sold by O'Donnell's Drug Stores and good drug stores everywhere. It's an inexpensive, daintily perfumed liquid, free from stickiness, and will surely cause hair to grow soft, lustrous, and really seem twice as abundant.—Adv't.
